S.N.1.

Letter No. 3818/5-30, dated the 11th November, 1[illegible] from the Inspector of Schools, Coorg and Bangalore.

The Inspector of Schools, Coorg and Bangalore, states that he has no official residence and proposes that the Government of India be moved to sanction the construction of a bungalow for him during the year 1932-33. He is willing to pay the usual rent.

Please see S.N. 2 and 3/236-1919 in which the Government of India were asked to accord their administrative approval for the construction of quarters to the Secretary, Collector, Residency Surgeon and Commissioner of Police. It is not known why the Inspector of Schools was not included in this proposal.

5/8ths of the pay of the Inspector of Schools is met from the Assigned Tract revenues and 3/8ths from Coorg revenues. It appears, therefore, that the cost of the quarters should also be met in the above proportion. The average pay of the Inspector of Schools including overseas pay is Rs. 1090/- per mensem. The rent payable by the Inspector at 10% of his pay will be Rs. 109/- per mensem or Rs. 1308/- per annum. Therefore the capital cost of the building including supervision charges, fencing and roads should not exceed Rs. 25,325/- or Rs. 25,400/- in round figures, of which Rs. 15,875/- is debitable to Assigned Tract and Rs. 9,525/- to Coorg.

S.N. 68/A 106-28.

* Main building. = Rs.21800
Supervision charges... " 2725
Fencing & Roads ... " 800
25325

If it is intended to provide quarters to the Inspector of Schools, the Municipal Executive Engineer may perhaps be asked to submit site plan and rough estimate for the administrative approval of the Government of India. He may also be asked whether there are any vacant sites belonging to Government for the construction of quarters for the Inspector. Please see the site plan at S.N.1/F/236-1919. It appears that there is no vacant site in the Residency grounds for

the

the construction of quarters for the Inspector of Schools except those reserved for the Commissioner of Police and Residency Surgeon.

Mr Edmonds enquired from me about quarters and I suggested an official application.

If you agree to this in principle, I would suggest that Mr Edmonds and Mr Murphy discuss the house informally first so that Mr Murphy will know what Mr Edmonds ideas are.

It is possible that it might be convenient to give the I of S's house preference in order of building over the R.S.'s. In any case we might get the plans and estimate ready without undue delay.

The file may perhaps be sent U.O. to the Municipal - Executive Engineer, Civil and Military Station, Bangalore, with the request that site plan and rough estimate may --- kindly be prepared in consultation with the Inspector of Schools, Coorg and Bangalore and submitted to this ------ Residency at an early date.

To

The Secretary to the Hon'ble the Resident

in Mysore, Bangalore.

Sir,

I have the honour to request you to be good enough to bring to the notice of the Hon'ble the Resident the following proposal.

It is the practice in the Civil & Military station of Bangalore to provide quarters for certain subordinate officers and recently the construction of bungalows for certain Residency Officers has been undertaken. The Inspector of Schools, Coorg & Bangalore, is a Residency Officer but has no official residence. I propose therefore that the Government of India be moved to sanction the construction of a bungalow for the Inspector of Schools during the year 1932-33. As a general principle I suggest that an official residence for the Inspector of Schools is desirable and I personally would welcome such a scheme, since by the ~~time~~ term of my contract, I am not, like other Residency Officers, liable to be posted to other parts of India, but should remain in Bangalore during a term of a further nine years. My average salary during the period of my contract is Rs. 775/-per mensem and I should be willing to pay rent at what I believe is the usual rate of 10 per cent of my salary.

I have the honour to be,
Sir,
Your most obedient servant,

Edmonds

Inspector of Schools,
Coorg and Bangalore.

In the circumstances, it appears that, until the orders of the Secretary of State are received, the appointment cannot be filled up permanently by the Resident. If the Secretary of State sanctions the Resident's proposal, the High Commissioner will recruit a candidate for the post. Mr. Ransford may perhaps be informed, through the Government of Madras, that the recruitment of a candidate for the post of the Inspector of Schools, Coorg and ----- Bangalore now rests with the High Commissioner for India.

The Resident would be glad if you will go through the file about the appointment of Inspector of Schools, and prepare a draft to the Government of India in as strong terms as possible explaining the necessity for retaining the terms proposed by the Resident. The Resident would also like to discuss the matter with you at a very early date as, from the last sentence of the telegram from the Government of India No.1102/EDN., dated the 7th June, 1929, it appears that they have not instructed the High Commissioner for India to suspend the recruitment of an officer.

R.N. 66

2. The Resident wishes the following points made in the draft :-

(a) Explain that the position in Bangalore as regards education is quite unique.

(b) Show the proportion of Europeans, Anglo-Indians and Indians of the school population.

separate figures for Europeans & Anglo Indians not available E.H. 7/6.

(c) Compare, if possible, with conditions in Madras, Bombay and Calcutta, particularly as regards the proportions mentioned in (b) above.

(d) Show how few European officers will be left in the Madras Educational Service, which is one reason why we suggested the appointment from Home because it is essential that we should have an European officer.

(e) Explain that although in the past we have had good men from Indian Educational Service, who have done good work, we want a superior type of man with more than Indian Educational Service qualification, but that we cannot expect

expect to get one unless we employ Europeans.

(f) Explain how the work of the Inspector is quite different to that of the ordinary work done by an Indian Educational Service officer.

Also any further arguments that you can furnish in support.

SUBJECT.—*Policy of section 96B of the Government of India Act.*

SIR,

I am directed to refer to the correspondence resting with your letter no. 916, dated the 5th December 1923, / no. 2639-F., dated the 5th January 1924, / no. 13092-A., dated the 28th November 1923. / no. 6443, dated the 22nd October 1923, / no. 26759-Gaz., dated the 15th November 1923, / no. 639-A.-23, dated the 6th October 1923, / no. 179-A.T., dated the 20th December 1923, / no. 4620-2574-III, dated the 16th November 1923, / no. 1301-4355-A.P., dated the 2nd October 1923, and to acquaint you with the Secretary of State's decisions on the points raised in his despatch no. 45 (Public), dated the 7th June 1923.

2. In so far as the principal question is concerned, the views of the Secretary of State have already been intimated to the local Government in the Home Department letter no. F.-181/III/26/Ests., dated the 27th July 1926. They are to the effect that orders relating to the matters mentioned in sub-section (*2*) of section 96B of the Government of India Act (*viz.*, methods of recruitment, conditions of service, pay and allowances, and discipline and conduct must, except to the extent indicated in that letter, be passed in the form of rules by the authority empowered to pass them. This, in the case of the all-India services, is, of course, the Secretary of State in Council.

3. The Secretary of State has agreed with the Government of India that the term " conditions of service " used in section 96B(*2*) must be held to be a residual

term covering everything affecting a service which cannot be brought under the three specific terms used in that sub-section, namely (*i*) methods of recruitment, (*ii*) pay and allowances, and (*iii*) discipline and conduct; and that the number of posts and the actual posts borne on the cadre of a service constitute one of these "conditions of service". Hence it follows that the cadres of the services under the control of the local Government must be fixed and altered by rules under section 96B(*2*).

4. The Secretary of State adheres to the view expressed in paragraph 7 of Lord Peel's Public despatch of the 7th June 1923 as to the creation of temporary posts and the grant of increases of pay in individual cases on his behalf by the Governor General in Council. As, however, it is, in practice, difficult to distinguish satisfactorily between alterations in the pay of individual officers and alterations of the pay attaching to the appointments which they hold, the Secretary of State has decided that, both in the interests of administrative convenience and in order to avoid any risk of misapprehensions on the part of the services, the power of granting special pay as defined in Fundamental Rule 9 (25) and of granting personal pay in the circumstances defined in Fundamental Rule 9 (23) (*b*) shall be exercised only by the authority empowered to regulate the scales of ordinary pay, *i.e.*, by the Secretary of State in Council in the case of the all-India services.

5. The Secretary of State has also decided that his sanction in Council is necessary to the leaving unfilled of an appointment ordinarily held by a member of an all-India service, but is prepared, for the sake of administrative convenience, to permit local Governments to leave such posts unfilled for three months in any one year without reference to him. Where it is proposed to exceed this limit or the limit is actually exceeded, the fact should be reported forthwith through the Government of India to the Secretary of State with the special reasons for the action taken and a report of the period for which it is proposed to keep the appointment unfilled. The appointment should be filled at or before the termination of that period or a further report sent to the Secretary of State if it is not then filled. Should the Secretary of State in Council in any case disapprove, the action of the local Government, the appointment must be filled as soon as may be on receipt of intimation to this effect.

6. I am to request that these orders may be carefully observed by the local Government.

I have the honour to be,

2. The Madras Government who were addressed in the matter stated that they were unable to supply an officer as a temporary arrangement to relieve Mr. Yates, Inspector of Schools, Coorg and Bangalore. the services of Mr.E.G.McAlpine, M.A., (Edin.), Professor of English, Central College, Bangalore, for a period of six months for employment as Inspector of Schools, Coorg and Bangalore, on a salary of Rs.1,500/- a month. At the same time, under the provisions of Rule 3 of the Rules published in Notification No.F.98-III/28, dated the 31st January, 1929 of the Government of India in the Home Department, I have informed the Government of Madras that the post of the Inspector of Schools, Coorg and Bangalore in the Indian Educational Service cadre should be left unfilled till the orders of His Majesty's Secretary of State for India are received with regard to the - - abolition of that post and the creation of a new special post.

appointment and that on receipt of their reply a further communication would be made regarding him. It was not until Oct 2nd 1924 that the Government of India telegraphed that if the Resident were to withdraw the proposal for the removal of the post of Inspector of Schools, Coorg and Bangalore, from the Madras Education Service cadre, the Government of Madras would welcome the continuance of the post in their cadre, provided that a Madras Officer was appointed. In reply it was pointed out on Oct 21st 1924 that the reason why it was - - desirable to break away from the Madras cadre had been fully explained in Mr. Crump's letter referred to above, and that it would not be in the - - educational interests of the Mysore Assigned Tract and Coorg to withdraw the proposal. The urgency of the matter was again impressed on the Government of India who were requested to appoint Mr. Tinker to succeed Mr. Yates, as previously contemplated.

Eventually on the 28th December, 1928 the Government of India informed ~~the~~ me ~~Resident~~ that the United Provinces Government could not spare Mr. Tinker and the Resident was requested to make whatever arrangements with the Madras Government might be feasible.

I feel it necessary to explain the facts of this case as ——— The delay has caused much embarrassment to the local administration, and the chance that it was possible to bor~~row~~ ~~and~~ an officer with long local experience from the Government of Mysore has enabled temporary arrangements to be made without serious detriment to the ~~Educational~~ Education interests ~~of~~ Coorg and Bangalore.

I, therefore, trust that every effort will be made to ensure that the officer recruited in England for the post will arrive in India in time to relieve Mr. McAlpine by the 16th August, 1929.

Bangalore, the 20th July, 1[illegible]0.

Creation of the special post of Inspector of Schools, Bangalore and Coorg.

Sir,

I have the honour to refer to your letter No.207-Edn., dated the 15th May, 1[illegible], and to submit the following representations.

A.N.65

2. Bangalore is, from the educational point of view, one of the most important places in India. This is largely due to the fact that it possesses so healthy and temperate a climate; and these advantages led to its being considered by the late Mr. C. B. Pea as a suitable site for the proposed "Public School". In consequence it is the favourite retiring place not only of the better-class members of the domiciled community, but also of many pensioned European government officials. These facts have combined to make Bangalore in proportion to its size, the largest European educational center in the whole of India. The following figures bear out this fact. There is one European or Anglo-Indian in every 12 of the total population of the Civil and Military Station. In the Madras Presidency the figures are 1 in 1,[illegible]5. The figures regarding schools are still more remarkable. Out of the total number of scholars under

under instruction in Bangalore one in six is a European or Anglo-Indian. In Madras the figure is one in 757, and in Bengal approximately one in 400. If any other emphasis were needed, it is supplied by a consideration of the money spent on European education in proportion to the total educational budget. Of the amount spent from Government and Municipal funds over 1/3 goes to the European schools. In the Madras Presidency the cost of European education is 1/11 of the total. In Bangalore one school in every five is for Europeans - in Madras Presidency about one in every 250.

Not only is Bangalore a large European and Anglo-Indian centre, but its schools attract boys and girls from all over India. Their parents recognise not only the climatic advantages of Bangalore for their children, but also the fact that there, if anywhere in India, European education is a primary consideration.

V. The Inspector of Schools, Bangalore and Coorg is in a unique position. Not only is he in charge of one of the most important centres of European education in India, but his work differs other too in many respects from that of a present-day District Educational Officer.

(1) In the Madras Presidency a District Educational Officer has nothing whatever to do with the European Schools in his area, which are all under a special Inspector of European Schools.

(2) Again, the District Educational Officer has nothing to do with female education in his area - it being a special branch of the work under a Deputy Directress of Public Instruction.

(2)

(3) Technical education is not the concern of a District Educational Officer, but is a special branch.

(4) A District Educational Officer puts up the annual budget of his district to his Director of Public Instruction, and the latter has the chances of scrutinizing and modifying it before it is submitted to Government.

The Inspector of Schools, Bangalore and Coorg, on the other hand, has under him every educational institution in his district from primary schools to University Colleges. (The latter in Bangalore are not administered by the Inspector of Schools, but get all their Government grants on his recommendation.) All schools whether for boys or girls, for Indians or for Europeans, come directly under his control, as also do all technical schools, — not only for instruction but also for financial control. He draws up the educational budget both for Bangalore and for Coorg and presents it to the local Government, i.e., he carries the whole of the financial responsibility for the education department.

4. In addition to his duties in Bangalore, the Inspector of Schools is in certain educational charge of the Province of Coorg. As in Bangalore, this implies direct and final responsibility to the local Government, both in matters of policy and finance. In addition the Inspector of Schools is ex-officio a member of the Coorg Legislative Council. At the budget session of that body he presents the educational budget to the House. To answer to all interpellations concerning his department, and is the spokesman of Government on all matters -- educational.

5. Education in Bangalore and Coorg is almost entirely aided. Many Christian (denominational) missions are engaged in educational work, and the problem of maintaining a balance among them and not offending susceptibilities in one department very considerable tact and the exercise of exceptional judgment on the part of the Inspector of Schools. That is naturally a desirable quality in any one holding a responsible position, but I question if the average District Educational Officer has an equal occasion for its use as the Inspector of Schools in Bangalore.

Finally the Inspector of Schools, Bangalore and Coorg, being the head not only of a district, but of his department, has the complete responsibility for the general educational policy of the local Government.

6. These facts go to show that the title of Inspector of Schools is really a complete misnomer. Whoever holds the post has to assume the responsibilities elsewhere given to a Director of Public Instruction. It is my intention in due course to submit proposals to amend accordingly the designation of this post, the responsibilities of which are so very much greater than those connoted by the inadequate title of Inspector of Schools. I feel very strongly that the action of the Government of India in reducing the scale of pay suggested in the late M. Grant's letter No.C/3015/1003 of 23th May, 1[illegible], are only due to a failure to realise the points set forth above. Responsibility of the kind of which I have indicated [illegible] of a senior officer, whereas the alterations in my views in letter No.207 of the Department of Education, Government of India, dated 23th May, 1[illegible], make the post

definitely

definitely that of a junior officer. It is my considered opinion that the policy of my office is, the Government of India will attract only such men as will prove definitely unsuitable for the appointment.

7. The role of my own which consultant is currently being paid in lieu of an Indian Civil Service officer during part of the first half of his service. Such officers have now the maximum pay of Rs.2,250/- per month on leave salary basis in addition a personal allowance of Rs.750/- per month as long as they serve in India. The pay scale of the post is Rs.1,800-100-2,000. The selected officer is not only totally inexperienced for the heavy responsibilities of the post, but is certainly not a fresh entrant except by name. The only way to overcome this is to ask for the right man out to India for 10 years with the offer of a very good pension on one year's notice by either party, which he can convert to provide eligibility for proportionate pension on retirement on age, etc.

8. It was with all these considerations that I made the offer. I have not found this unreasonable. In this connection I would mention certain qualifications of Mr. [illegible] Chief Engineer Rs.C.C.P.S/LKG fame which may, etc.

In

In paragraph 4 of this letter he suggested the appointment of a man "about 30 to 40 years of age". I feel that the man appointed should not necessarily be limited to an age below 30 years; and that, if above that age, he should come in at the salary starting point of the financial scale currently in use. Mr. Yates, who has just retired from this post, was over 40 when he came to Rangitane, and there was ample time for him to have during the last four years here in all a worthwhile term of service. I am not suggesting that the age in the appointment to this post should necessarily be upped 40 years, but I am convinced that by limiting recruitment to an age below 30 years, the range of choice would be most unnecessarily restricted. I incline to the view that the age of about 35 years or more would probably combine the responsibilities of this post.

3. In paragraph 4(i) of the same letter it is suggested that it would be "as well the holder of the new position had had Administrative experience (i.e., with a County Council or District)", and again in paragraph 4 the phrase "interesting a form of experience" is used. I feel that these phrases convey an incomplete grasp of the qualifications in the educational world in Great Britain. Setting aside the more expensive public schools in England (some which in any case would be very unlikely to attract any one) the style of life is somewhat as follows.

There the likes of the rank and file in the teaching profession have chiefly the following types

of posts open to them :-

1. Political.
2. Technical [illegible] posts under them or
   [illegible] control.
3. The Intermediate.

It may at once rule out the third of these. Such posts are rarely the most highly sought after in the Secretariat organisation. Increasing [illegible] in direct India with additional powers of His Majesty's Home Civil Service, and holding; could be more usefully done that by one holding one of these posts would for a second control to return to India in a [illegible]-service arrangement.

The same applies to the building of [illegible] posts under [illegible] or Home Councils. The total number of such appointments in direct relation to relatively very small in proportion to the many thousands engaged in [illegible]. It is impossible to obtain them in fact one, and if [illegible] most [illegible] any one would do well to give up [illegible] (which are well-paid and [illegible]) in order to come to India for 10 years.

Of Secretariat [illegible] only two in time, out of all the three types of posts [illegible] very important administrative [illegible] 20 years of age [illegible] in the service. The normal minimum age for such [illegible] is 35. When the question of a [illegible] is considered, this is not in any way surprising. The [illegible] candidate who intends to make the Secretariat his [illegible] does not leave school much before 20 years of age. He [illegible] to get on in the educational [illegible] 3. [illegible] that before he is given [illegible] which [illegible] his Diploma in the theory and practice of [illegible].

[illegible]

technique

Grant, for the redistribution of high-risk applicants is entirely unacceptable. I wish to record my opinion that the action of Lloyd Crump for the Insurance of Colorado is not in accordance with the provisions of the National Flood Insurance Act, and that the rates of Lloyd are substantially below that which the Colorado flood insurance should be expected to have.

In conclusion I have to observe that although Mr. Crump's letter was dated the Local Government Insurance Unit in May 1974, it was not until May 1975 that I became aware of the fact that our financial proposals had been favourably received. I venture to suggest that it would have been very helpful if I had been contacted by any member of your staff to discuss our proposals before the Secretary of State for Trade. Alternatively, if the application in the case of my personal policy had been rejected, I should have been told why. If I had been given an opportunity of submitting my opinion on the new proposals before the Government of Colorado authorised the Secretary of State to grant the High Commissioner for India's request then I would have.

On the 8th May last, I telephoned Miss Cummings of Lloyd to express my disappointment, and the reply of the 7th June obviously did not satisfy me. In view of the foregoing, I am in contact with my Insurance Agent. After full and careful consideration of all aspects of the problem I am convinced that a reliable quotation can be obtained for the cost of the whole sum insured. I must regretfully my conviction that the type of risk likely to be offered by the new proposal will be totally unsuited for the heavy responsibilities of the post. The only solution is to put Indemnity Clauses that allow liberal protection which Government

has so justly enjoyed in the past: it is, moreover, likely to react prejudicially to the cause of European and especially Anglo-Indian education in India.

4. In view of the gravity of the situation, I should be grateful if the Government of India would ascertain by cable from the High Commissioner

(a) whether he has had any applications for the post of Inspector of Schools, Baroda and Cooch, and

(b) whether he has made any selection, tentative or final; and if I could be informed of the result of this enquiry.

I would also ask that in view of the weighty considerations which I have now put forward the Government of India would revise their earlier decision and reconsider the whole question with a view to adjusting the scale of pay in accordance with the notes put forward by Mr. Crum, as modified in the matter of pay by the suggestions which I have now put forward.

I have the honour to be,

Sir,

Your most obedient servant,

Copy of a letter No.G.103544/24.3.65, dated the 27th June 1929, from the Secretary to the High Commissioner for India, General Department, to the Secretary to the Government of India, Department of Education, Health & Lands.

Recruitment of a candidate for the special post of Inspector of Schools, Bangalore and Coorg.

In continuation of the correspondence resting with this office telegram 15055,dated 13th June 1929 on the subject of the recruitment of a candidate for the special post of ~~the~~ Inspector of Schools, Bangalore and Coorg, I am directed by the High Commissioner for India to inform you that the appointment has been advertised in the daily press and in the leading educational journals and also notified to various educational authorities who may be in a position to introduce the vacancy to the notice of likely candidates. A copy of the advertisement issued and of a memorandum regarding the conditions of appointment prepared for the guidance of intending candidates are enclosed.

2. Applications received by the 6th July will be considered by a Selection Committee constituted for the purpose, whereafter a report will be made to you with the least possible delay.

3. I am to ask that information may be furnished on the following points :-

(1) Where the headquarters of the appointment will be situated;

(2) To whom the candidate ultimately appointed should report for duty on his arrival in India.

The High Commissioner for India invites applications for an appointment as an Inspector of Schools, Bangalore and Coorg, South India.

Candidates should be between 27 and 30 years of age and Honours Graduates of a British University. Administrative experience and experience of special schools, e.g., carpentry, metal work and gardening, desirable. Musical knowledge an advantage. Agreement for ten years (two years probation). Pay in accordance with an age scale, e.g., age 27 years, Rs.500 a month plus overseas pay of Rs.150 a month: Age 29 : Rs.600 plus overseas pay £ 15: age 30: Rs.650 plus overseas pay of £ 25. (Sterling equivalent at present rate of exchange approximately £ 585: £ 720: £ 885 per annum). First class passages out and home for officer and wife and additional passages during period of service for the purpose of leave. Provident Fund. Strict medical examination. (Overseas pay and return passage admissible only to an officer of non-Asiatic domicile).

Forms of application and further particulars should be obtained, upon application by postcard, from the Secretary to the High Commissioner for India, General Department, 42, Grosvenor Gardens, London, S.W.1. Last date for receipt of applications 6th July 1929.

---

the vote of the Legislative Assembly.

5. If at the end of the period of probation the officer is confirmed in the appointment, his service in India will count, with effect from the beginning of the probationary period, as service towards leave under the rules for the time being in force applicable to the appointment.

6. The pay of the appointment will be regulated by the following scale and will commence from the date of disembarkation in India, provided that the officer proceeds to join his appointment without delay.

Monthly Rates of Pay.

Basic pay.	Overseas pay if drawn in Sterling.	Overseas pay if drawn in Rupees.	Approximate sterling equivalent-total at present rates of exchange.
Rs.	£	Rs.	£
500	-	150	585
550	-	150	630
600	15	150	720
650	25	250	885
700	25	250	930
750	25	250	975
800	25	250	1,020
850	25	250	1,065
900	25	250	1,110
950	30	300	1,215
1,000	30	300	1,260
1,050	30	300	1,305
1,100	30	300	1,350
1,150	30	300	1,395
1,200	30	300	1,440

Initial salary and date of increment will be determined by age. Twenty seven years of age has been taken as the normal starting point for the above scale. The initial basic pay of a candidate over 27 years of age at the time of his appointment will be Rs.50 a month higher for each year that his age exceeds that age.

Note 1. The sterling equivalents shown above indicate the approximate total pay per annum at the rate of exchange 1s. 6d. per rupee. No guarantee can be given that the rate of exchange, which is at present about 1s. 6d. will not fluctuate.

Note 2. Overseas pay is admissible only to an officer of non-Asiatic domicile.

6. The appointment is non-pensionable, but the officer will be required to subscribe to a special Provident Fund at the rate of one-twelfth of his pay monthly, Government adding half-yearly a bonous at the rate of 75 per cent. of his subscription for the half-year. Interest at the rate of 4¼ per cent. per annum, or at such other rate as the Government may from time to time fix, will be calculated monthly and added yearly to the account. The amount at his credit in the fund will be paid to him on his quitting his service or to his legal representatives in the event of his death while in service, provided that the whole or any part of the bonus and interest and increment accrued thereon may be withheld to meet a liability incurred to the Government or in case he is dismissed from the service, or in case he resigns the service within the term of 10 years.

It is understood that the institution of a new Contributory Provindent Fund, which would take the place of the fund of which particulars are given above, is under consideration. The officer must accordingly be prepared, if and when required by Government, to subscribe to the new fund under such rules as may be prescribed.

7. The officer will be required to pass such examinations in the vernacular as may be prescribed by Government from time to time.

8. Travelling allowances in respect of journeys performed on duty will be admissible at the rates prescribed by Government under the rules in force for the time being.

9. In respect of the period of the agreement the officer will be eligible for the grant of leave under the provisions of the Model Leave Terms (copy attached).

10. A first-class passage to India will be provided for the officer and wife (if married), subject to the condition that the cost of such passages shall be refunded in the event of the officer resigning before the period of probation on grounds other than ill-health certified to the satisfaction of Government. If on the expiry of the period of probation

the officer's services are determined, or if he is compelled by certified ill-health to resign the service before such expiry, he will, if of non-Asiatic domicile, be provided with free first-class passages to England, limited to the cost of P.& O. first-class B passages between London and Bombay, for himself and wife, or at his option passages to any other country at a cost not exceeding that of such return passages. The officer, if he is confirmed in the appointment at the end of the period of probation, will become entitled during his service to the passage benefits prescribed below :-

(a) For the officer himself, three single passages.

(b) For his wife, the same number of passages to which the officer himself is entitled.
If the officer marries while in the service his wife will only be entitled to the same number of passages as the officer is entitled to himself at the time of marriage.

(c) For each child, one single passage.
If a boy, under the age of 12 years; if a girl under the age of 21 years and unmarried.

11. Candidates must be prepared, if called upon, to attend the Office of the High Commissioner for India for a personal interview. The candidate selected will be required to produce satisfactory evidence of the date of his birth and to appear before the Medical Board at the India Office for examinations as to his physical fitness for appointment. There is no charge for this examination, but a candidate must be prepared to pay his own travelling expenses.

12. The candidate appointed will probably be required to proceed to India during the autumn of 1929.

---

the ordinary or special leave rules, as the case may be, as contained in the Fundamental Rules, will be made applicable.

ave may be granted after the expiry of contract only where it has been applied for during the period of the contract and refused owing to the exigencies of the public service.

An officer whose services are dispensed with on grounds of ill-health shall be permitted to take all leave due to him before his service is terminated.

R.N.70. Your telegram 1476-Edn., August 12th. In view of considerations put forward in my letter 6192 July 20th I request that High Commissioner may be asked by telegram to postpone final appointment of Edmonds and in any case not to send him out till my representations have been fully considered. I must request that my representation be placed before His Excellency the Viceroy before orders are passed. In meantime I must ask for urgent telegraphic sanction to retention of McAlpine as proposed in my Express letter 6653 of second August. In absence of immediate sanction McAlpine will revert to Mysore Service on fifteenth August.

D.O. letter dated the 1st November, 1928, from Mr J.A.Yates, Inspector of Schools, Coorg and Bangalore.

Some of the papers on the subject are in the Confidential branch. In paragraph 2 of his letter No.3573/126-28, dated the 11th April, 1928, Mr. Crum stated as follows, to the Madras Government:-

"The question of direct recruitment from England in future for the post of Inspector of Schools, Coorg and Bangalore, is at present under my consideration. This will entail removing the post from the Madras cadre, a step which I understand is already under contemplation by the Government of Madras".

In reply the Madras Government said that they have no objection to the removal of the post of Inspector of Schools, Coorg and Bangalore, from the Madras cadre.

Kindly see Mr Yates' note at S. N. 20, and para 17 of the notes above. According to S. 4 Mr Tinker is 49 years old & draws pay at Rs 1050 + Rs 300/- O.P. Some modification of the rates shown in para 4 of S. 4 would therefore be called for if he were appointed The position as regards the Madras Govt will be apparent from S.6.

Mr Yates in his letter is not very explicit in regard to Mr Ransford, but it may be inferred from his recommending that we shd press for the appointment of Mr Tinker, that he does not think him as suitable as the latter.

Telegram No. 2826 Edn., dated the 28th December, 1928, from the Government of India, Department of Education, Health and Lands.

Mr. Yates applies for leave, preparatory to retirement, with effect from the 1st February, 1929. In their telegram , dated the 28th December, 1928, the Government of India have stated that the Secretary of State is being addressed with regard to abolition of Indian Educational Service Post on retirement of Mr. Yates and creation of a Special Post. They have suggested that pending ------ selection and arrival of a new man temporary arrangements may be made with the Madras Government. If it is intended to retain the services of Mr. Yates till a new Officer is recruited from England, the leave applied for may perhaps be refused. The Government of India may perhaps be informed that the services of Mr. Yates have been retained till a new Officer is recruited from England. It is not known whether Mr. Yates will be willing to serve here till then.

For orders please.

My dear Dr Chris

Re what you told me about the Govt. of India's latest move in the matter of filling the Inspector's post & relieving me.

I had a letter from Rawlins (D.I.G.) some time back asking why he could not replace me. He told me he had written to Grieve, & if I remember rightly, to Littlehailes, who seemed to think I was unfriendly. I'm afraid I did not keep the letter, as it was private. I answered detailing the facts as I knew them, & insisting on the fact that he was too expensive; a lower-priced article was wanted. This satisfied him completely.

Probably he has been pulling

My dear Lothian,

I am sorry to worry you; I know it is not this Government's fault, but I am getting desparate about my relief. I have been told both by India and Madras to retire on April 17th - actual 55. I have about 3½ months leave on average pay due to me and I shall not be able to get it in before I retire. Also, I shall not get the time I wanted to settle my affairs, see people and places and so on before I retire.

Is it possiole to tickle India up? If the trouble is the Educational Commissioner, is there no one else who can be moved to get the matter through?

Yours sincerely,
